Business Hours: ... 9 a.m. to 5 p.m.

A great proportion of extraneous and disease affecting those subsisting in life occur to those having some deficiency in the construction of the eyes—the many years of "Eye Strain" ending in various forms of disease. Glasses specially adapted in youth to those requiring them save and preserve the sight.

Constantly recurring headaches, spells of dizziness when reading, weak eyes, the latter running together; any of these symptoms indicate a deficiency in the form of the eye requiring glasses to correct and cure.

Mrs. LAZARUS supplies her SPECTACLES only after testing the sight.

HONGKONG, December 20th 1883.

Unpracticed suggestions are made in our correspondence enlivening to-day with reference to Glencairn, one, by Mr. H. HUMPHREYS, that a subscription should be opened with a view of purchasing the ground on which it is proposed to build and presenting it to the public, and the other, by "Old Resident," that a public petition should be presented to the Government for the resumption of the land. With reference to Mr. HUMPHREYS's suggestion, we will be pleased to receive and acknowledge in our columns any subscriptions that may be sent in for the purpose indicated, but would suggest that before opening a subscription the effect of a petition to the Government should be tried. It is in the public interest and in accordance with public feeling that the ground should be preserved in its present condition, and the cost should fall on the Colonial Treasury. The amount of ground involved is about 6,000 feet, and we understand the price at which it recently changed hands was \$25 per foot. It is reported that the owners have since been offered \$3 per foot, but if the Government decided to resume probably the matter could be arranged on the basis of the last sale. The duty of resuming the land is the more incumbent upon the Government inasmuch as it is not very many years ago that the land was granted as an extension of the lot upon which the United States Consulate-General stands. A public subscription therefore would be in effect a subscription for the rectifying of a governmental mistake. It seems more appropriate that the mistake should be rectified at the Government's own expense. Whatever is done, however, should be done quickly, for the work of clearing the ground is now in progress and each day will add to the expense of resumption. The public regret and indignation at the diversion of this beautiful ferrary to building purposes are very great and no petition on the subject would, we doubt not, be signed by practically the whole of the European community. If the petition proved ineffective, possibly a sufficient sum might be raised by way of public subscription for the purchase of the ground, or the petitioners might, as a guarantee of the genuineness of public feeling on the subject, offer in ap-

proaching the Government to subscribe a portion of the cost of resumption, say one-fourth, the Government being requested to vote the remainder. Who will take the lead in the matter? The unofficial members of the Legislative Council, as the representatives of the public, may be appropriately indicated for the work. Failing them we must trust to some other public-spirited citizen to set the ball rolling.

A meeting of the District Grand Lodge of Hongkong and Soo's China will be held to-morrow evening to elect H. E. Right Warden Sir Henry Bond, C.M.G., Past District Grand Master of Juniors.

Our Saigon correspondent writes:—The Messager Maritime continue to dispose of their old branch line steamers. The Godavari, which used to run between Singapore and Java, is the next which is to be put up for sale.

According to a Berlin telegram of the 4th December published in the Ceylon papers Mr. Denison informed that he had received funds to establish a French College at Kandy and a Marchand School at Pachchaimalai.

The Hamburg correspondent of the London and China Express says the Rickshaws are to establish a line of river steamers on the Yangtze, running as far as Hankow. Two steel steamers are already under construction for the new line in English yards.

We (London and China Express) learn that Mr. Archibald Little, who is now in London, is taking steps to form a company for putting steamers on the Upper Yangtze between Ichang and Chungking, the feasibility of which he demonstrated early in this year.

There will be a happy match to-day on the Club ground at 4.30 p.m. sharp, Club v. Royal Artillery. The Club team will consist of Cox, Mr. K. K. Kellaher, Lieutenant, Lloyd, Morris, Merritt, Paul, Eustace, Riddle, and Wodehouse. The Club play the Marines on Thursday.

The N. C. Daily News publishes the following special telegraph dated Chinkiang, 12th December:—The Chinese General Chou has been captured by Yu Mau-Tzu. There is reason to believe that force will be used to suppress the brigands, but it is not safe to rely upon the troops.

LADIES' BENEVOLENT SOCIETY.

The general meeting of the Ladies' Benevolent Society was held in the City Hall yesterday at noon. Mr. T. Jackson presided and there were present the Rev. R. C. Bobb and the following members of the Ladies' Committee:—Miss Margaret Forbes (Secretary), Mrs. Bell Irving, Mrs. G. J. Jackson, Mrs. May, Miss Anderson, Mrs. Ritchie, Mrs. Master, Mrs. Hawkins, and Mrs. Moore.

Mr. JACKSON read the report and said the balance carried forward was slightly better than at the conclusion of last year. As the port increased in size and importance, so would the necessities increase. He did not see any organization so well suited to cope with the wants of distressed as the Ladies' Benevolent Society, and he thought the list of subscriptions should total five thousand pounds collected.

It was to be hoped the public would take the hint. He was very glad to say that H. E. Sir Henry Blake and Lady Blake had consented to become members of the Society.

In submitting the adoption of the report and accounts he might say that the community generally had a deep obligation to the Ladies' Committee of the Benevolent Society and he begged to assure the members that what he said was true.
